HISTORIC AMERICAN ENGINEERING RECORD

Promenade Street Bridge

HAER
RI,
4-PROV,
188-

HAER No. RI-30

Location: Promenade Street beneath Union Station and East Side Tunnel viaduct, and over the Woonasquatucket and Moshassuck Rivers as they join to form the Providence River, Providence, Rhode Island.

Date of Construction: 1894

Present Owner: Amtrak and Providence & Worcester Railroad

Present Use: Railroad bridge

Significance: The bridge is historically significant as part of the station and East Side Tunnel viaduct which contributed to the regional rail transportation network. Unique construction techniques make the structure significant for its engineering.
